of flavours

Cocoa Bistro is the home of artisanal chocolate in Kingston. Chocolatier Audrey uses premium Callebaut and Cacao Barry couverture chocolate; fresh, locally sourced cream and butter; and natural flavours created from the infusion of fresh ingredients in cream. All chocolates are made from sustainable sources and are completely peanut-free. Cocoa Bistro also offers vegan, non-dairy, and gluten-friendly chocolates. As well as truffle boxes, Audrey also offers chocolate bars and barks, seasonal treats, and custom chocolate creations at her Kingston shop at 840 Development Drive (open Tuesday through Saturday).
